VINTAGE & CO

WHAT IS VINTAGE?

According to the dictionary; 'something from the past of high quality, especially something representing the best of its kind' The winning combination of Artisanship & Ingenuity as found in the rich variety of British design is our Vintage & Co. touchstone. Our eclectic mix of British pedigree, vintage fabrics and colours continues to grow in popularity.

FABRICS & FLOWERS

The 'make and do' theme of patchwork, stitching and mending inspired us. Playing with a patchwork style we used a graphic diamond grid, each panel holds an eclectic mix of vintage colours, prints and patterns with a hand-crafted feel and a modern edge.

PATTERNS & PETALS

The geometric light pattern of a vintage fabric fills the background with added layers of vintage flower illustrations and watercolour petals. Light touches of rose gold add extra detail to create the preciousness of the past in a modern fashion.

VEGAN FRIENDLY

BRAIDS & BLOOMS

The art and delight of dressing up for a special occasion inspired us. Working with diagonal patterns of vintage braids placed against blue and white geometric tiles alongside overblown blooms touched by rose gold glints we conjured up the sound of heels across a tiled floor, the scent of perfume, the glimpse of a feather upon a hat and a fan held tightly ready for the night to unfurl.

Please enjoy the best, most delicious qualities of all things we consider vintage combined to produce a thoughtful forward-looking brand our Vintage & Co.

Fabrics & Flowers has an enticing, energetic floral scent with top notes of Orange Blossom, Sweet Birch and Gardenia blended with Jasmine, Cyclamen, Rose and Lilac on a fruity, sultry base of Coconut, Peach, Amber and Vanilla.

Energising, Inspiring, Calming

VEGAN FRIENDLY

Created to relax and revive like a walk by the sea. Inspired by the sea, the bracing sea air and the open horizon. This collection captures that energy and calm.

In a more eco-considerate approach to packaging, bottles and tubes are made of sustainably sourced sugarcane with low carbon footprint and are 100% recyclable.

The sugarcane we use is from sustainable land thousands of miles from the Amazon rainforest and its cultivation helps recover degraded pasture land for future use with food crops.

Frequently Asked Questions

Q. HOW DO ESSENTIAL OILS WORK?

The molecules are easily dissolved which allows them to penetrate the skin easily and work into the body by mixing with the fatty tissue. Meantime, as the essences evaporate they are inhaled, entering the body via the millions of sensitive cells that line the nasal passages. These send messages straight to the brain, and affect the emotions by working on the limbic system, which also controls the major functions of the body.

Q. WHAT ARE THE BENEFITS OF VITAMIN E FOR THE SKIN?

Vitamin E is vital in protecting skin cells from ultra violet light, pollution, drugs, and other elements that produce cell-damaging free radicals, as it is an anti-oxidant. Vitamin E helps skin look younger by reducing the appearance of fine lines and wrinkles and helps reduce the appearance of stretch marks. It can also help prevent the appearance of age spots and strengthen the skin's barrier function and helps maintain the skin's oil balance during the cleansing process.

Q. DO HEATHCOTE & IVORY TEST ON ANIMALS?

Absolutely not. None of the Heathcote & Ivory, RHS, Sara Miller, Morris & Co. or Cath Kidston products are tested on animals, only on us! We make it a rule not to allow any animal derivatives in our products, the only exceptions are derivatives where the animal has not been harmed in any way by the process e.g. beeswax and lanolin.

Q. WHAT IS GLYCERIN?

Glycerin is one of the most versatile and valuable substances known to man and has no known negative environmental effects. A water clear, odourless, viscous liquid with a sweet taste; it attracts moisture to the skin and is an ideal ingredient to include in soap.

Q. WHERE DOES SHEA BUTTER COME FROM?

Shea butter, also known as, 'karite butter', is a cream-coloured fatty substance made from the nuts of karite nut trees that grow in the savannah regions of West and Central Africa. Karite trees, or shea trees, are not cultivated. They grow only in the wild and can take up to 50 years to mature and live up to 300 years.

Q. WHY USE SHEA BUTTER IN LIP BALM AND HAND CREAM?

Shea butter has moisturising benefits and has been used to help heal burns, sores, scars, dermatitis, psoriasis, dandruff, and stretch marks. It may also help diminish wrinkles by moisturising the skin, promoting cell renewal, and increasing circulation, its soft, butter-like texture melts readily into the skin.

Q. WHAT ARE ESSENTIAL OILS?

Essential oils are therapeutic-grade oils, distilled from plants, shrubs, flowers, trees, roots, bushes and seeds and are composed of tiny molecules. Essential oils contain the true essence of the plant it was derived from, they are highly concentrated and a little goes a long way.

Q. WHAT ARE THE BENEFITS?

Essential oils are able to enhance both your physical and psychological well being at the same time. Its distinct chemical composition, which determines its fragrance, colour, volatility and the way in which it affects the system, gives each essential oil its unique set of beneficial properties. For example, the chemical component ester acts as a sedative, a calming agent, an anti-fungal and an anti-inflammatory; esters are found in lavender, chamomile, bergamot and sage.
